To: North Platte Summer Camps K-8 Participants & Parent/Guardians

From: Jordan Cudney; AD North Platte High School (jcudney@nppsd.org)

RE: 2020 North Platte Summer Youth/MS Camp Guidelines

Thank you for choosing to participate in North Platte High Schools summer youth/middle school camp activities. We hope the experience is safe and positive for all in attendance over the course of time in camp!

Below are some guidelines we ask that athletes and parents/guardians follow in order to ensure the safety of all participants and spectators in attendance. These guidelines have been adopted from the latest DHM from the West Central Health District.

We again thank you for your cooperation with the guidelines below and hope that all athletes and parents/guardians have a great experience here at North Platte High School summer camps!

Go Bulldogs!!

Jordan Cudney
North Platte High School Activities Director

Athlete Guidelines

- All athletes and coaches in attendance need to have a **Right of Entry Waiver signed prior to competing**. These will need to be handed to the North Platte head coach in charge of the camp upon arrival.
- Temperatures **MAY** be taken and COVID-19 screening questions **MAY** be asked upon arrival.
- No locker rooms will be made available for athletes to change in. Athletes will be asked to keep all equipment/bags with them at all times.
- No water will be provided to athletes. All athletes are expected to bring their own water.
- When applicable, any food/lunch distributed to athletes will be in the "Grab & Go" format.
- Coaches will work to keep athletes who are not competing in the competition spread out on the sidelines/bleachers.
- No shaking hands or high fives will take place during the camp.
- Equipment and practice areas will be disinfected at the conclusion of each competition.

Spectator Guidelines

- We are treating these camps as PRACTICES as it relates to the Statewide Sports Reopening Guidelines put out by the state of Nebraska.
- With that being said, parents should remain in their cars or drop off and pick players up afterwards.

Adopted from: NEBRASKA DEPARTMENT OF HEALTH AND HUMAN SERVICES Directed Health Measure Order 2020-WCHD-004 (July 2nd, 2020)
